Assembly Instructions

Included in kit: Carry bag (A),
Brochure holder (B), Curved header (C),
Poster holder (D), Support poles x 2 (E)
and Circular base (F)

Take the first pole and insert the end (without holes or pips) into the base.

Take the second pole and attach over the first, ensuring that the pips click through.

Slide the brochure holder over the support poles, ensure the holder is tilting outwards. When in position secure the holder to the support poles using the wing nut provided.

If using the curved header attach onto the top of the support poles, ensuring that the pips click through.

If using the Poster holder, attach onto the top of the support poles. Insert the graphic into the groove provided.
