

8 Panel & Pole Display Stand

How to Assemble a 8 Panel Display Stand

- Remove all items from the case.
- Attach 4 clips to each large panel – 2 per side.
- Attach 2 clips to the header panel – 1 each side.
- Insert one pole connector into 4 of the 3' poles.
- Clip the panels and poles together to create the bottom layer of panels.
- Working left to right attach poles the next layer of poles onto the bottom poles.
- Clip the second layer of panels above the bottom layer.
- Attach 2 panels to the poles on either side of the centre panel on the bottom layer of panels, these will form the triangular table.
- Place a pole connector into the poles on either side of the centre on the 2nd layer of panels.
- Place a 1' pole on top of the poles in item 9.
- Clip in the header panel.
- Draw the 2 panels together to form the triangular table and secure with a 3' pole.
- Attach the triangular table top.
- To finish place a pole cap on the top of each of the poles.
- You are now ready to attach posters and display material with Velcro.
