

9 Panel & Pole Landscape Display Stand

How to Assemble a 9 Panel Landscape Display Stand

- Remove all items from the case.
- Attach 4 clips to each large panel – 2 per side.
- Insert a pole connector into 2 of the 2' poles.
- Clip 3 panels together to form the base layer of panels.
- Working left to right attach poles onto the bottom poles.
- Clip the second layer of panels above the bottom layer.
- Insert the next layer of pole connectors into the 2' poles.
- Clip the U Channel over the end panels, ensuring that each U channel overlaps both panels.
- Add the final 2' poles.
- Clip the remaining panels.
- Repeat step 8.
- Add the pole caps to the tops of the poles.
- You are now ready to add posters with Velcro.
