1. Separating the VESA Plate

2. Assembling the Pole to Base

3. Installing the Articulated Arm Assembly

4. Installing the VESA Plate

Screw the VESA plate onto the display.

 **Tighten all screws but do not over tighten.**

5. Installing the Display

Insert the VESA plate onto the mount and use the previously removed screws to secure them. Make sure the display is safely secured before finally releasing.

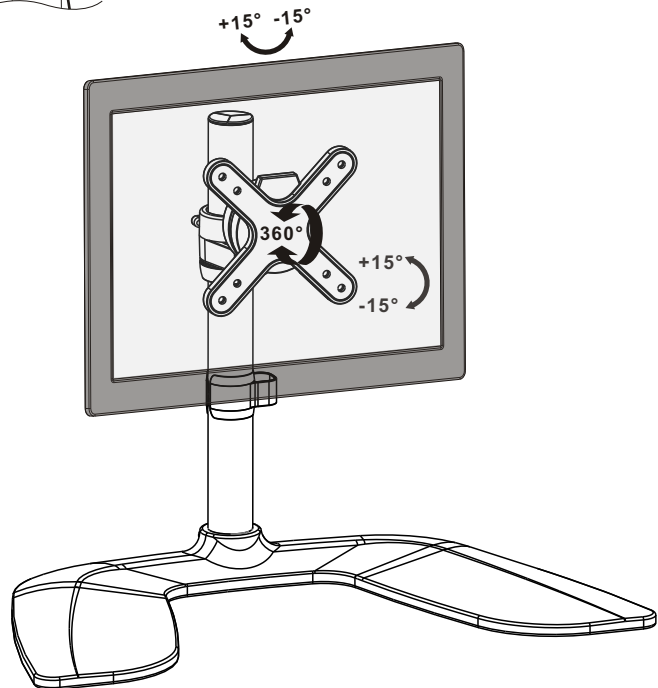

6. Cable Management

Use clips for routing the cables.

Note: Leave slack in the cable for arm movement.

7. Adjustment

Adjust to the desired position or tilt.

Maintenance

- Check that the bracket is secure and safe to use at regular intervals(at least every three months).
- Please contact your distributor if you have any questions.
