

# Decal Fitting Instructions

TOOLS - Tape measure, Application fluid (or a spray bottle with a drop of washing up fluid), Masking tape, Squeegee, Scissors.

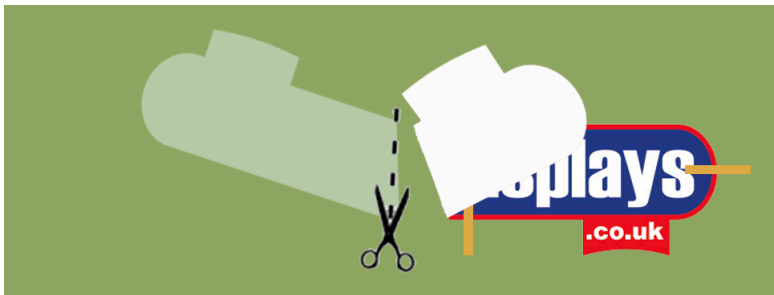

CLEANING - Use meths or glass cleaner to clean and dry the surface. Remove grease, dust and dirt to avoid bubbles and give good adhesion.

1

Measure and mark your sticker location. Hold the sticker in place using tape at either end and one through the centre as shown.

2

Gently fold back one half DO NOT CREASE. Pull the backing paper from the decal until you reach the tape. Use scissors to cut half of the backing paper away. BE CAREFUL not to cut the decal or touch the adhesive side.

3

For larger stickers use application fluid to wet the surface. Using a squeegee flatten the sticky side onto the surface from the centre outwards

4

Remove the centre tape and repeat Steps 2 and 3 on the other half of the sticker
