TITAN 8 PANEL

1

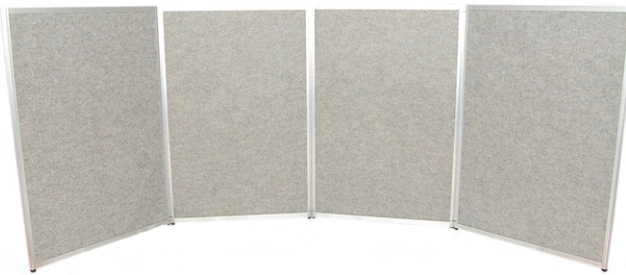

Titan 8 panel kit comes complete inside the free bag

2

Kit comes in two pieces and two headers. Unfold the panels and place with black rubber legs at the bottom

3

Unfold the first half of the Titan 8. Stand the unit with the black rubber feet at the base.

4

Attach the other half on top, simply place the rubber connectors inside the hole.

5

Attach the two headers the same way, your Titan 8 display is complete
